

F. DICK Products – Application for Food Contact Materials Declaration of Conformity – Quality Certification

Product Group: Knife Series Vivum with wooden handle (birch – Betula)

We herewith confirm that our products have been manufactured using high quality raw materials. Our products are subject to ongoing quality inspections throughout the individual production phases. The results of the quality inspections are documented in testing schedules. The raw materials are likewise subject to ongoing quality inspections. We confirm that our products conform to all applicable laws, regulations and recommendations and are therefore suited for direct contact with food. Our products are regularly inspected for substances potentially hazardous to health as well as for their migration behaviour in accordance with the methods of inspection currently prescribed by law. All materials used in the manufacture of the knives are harmless to humans and the environment.

Friedr. Dick GmbH & Co. KG operates in accordance with the guidelines specified by DIN ISO 9000. Our practices are in line with the EMAS 1221/2009 environmental certificate, which also contains the DIN ISO 14001 requirements for environmental management systems.

Before first use, clean the above products with a suitable cleaning agent.

Our products are in line with the following regulations:
