## Declaration of conformity with the EU regulation number 1935/2004

We hereby certify that the following products delivered to H.W. Larsen & Sønner A/S meet all requirements of the EU Regulation No. 1935/2004 of the European Council and the European Parliament of 27 October 2004 due to the material composition:

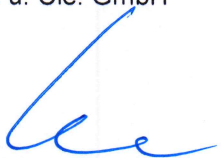

| Product | Name              | Materials                |
|---------|-------------------|--------------------------|
| 17308   | Nest spoon Ø 8 cm | stainless steel AISI 304 |

In particular, it is ensured that

- the material is sufficiently inert that no substances in quantities hazardous to health are transferred to foodstuffs
- no active or other new materials are used.

Due to the material properties, the above products are to be classified as food safe in the sense of EU Regulation 1935/2004.
