Speedy Mixer

The Speedy Mixer provides the best compromise between power, stability in operation and ease of handling thanks to its light weight. The Speedy Mixer allows mixing, stirring and blending in any area of the kitchen. The cutter have unlimited use with a variety of foodstuff such as soups, creams, sauces, vegetable purees, pancake batter, mousses.

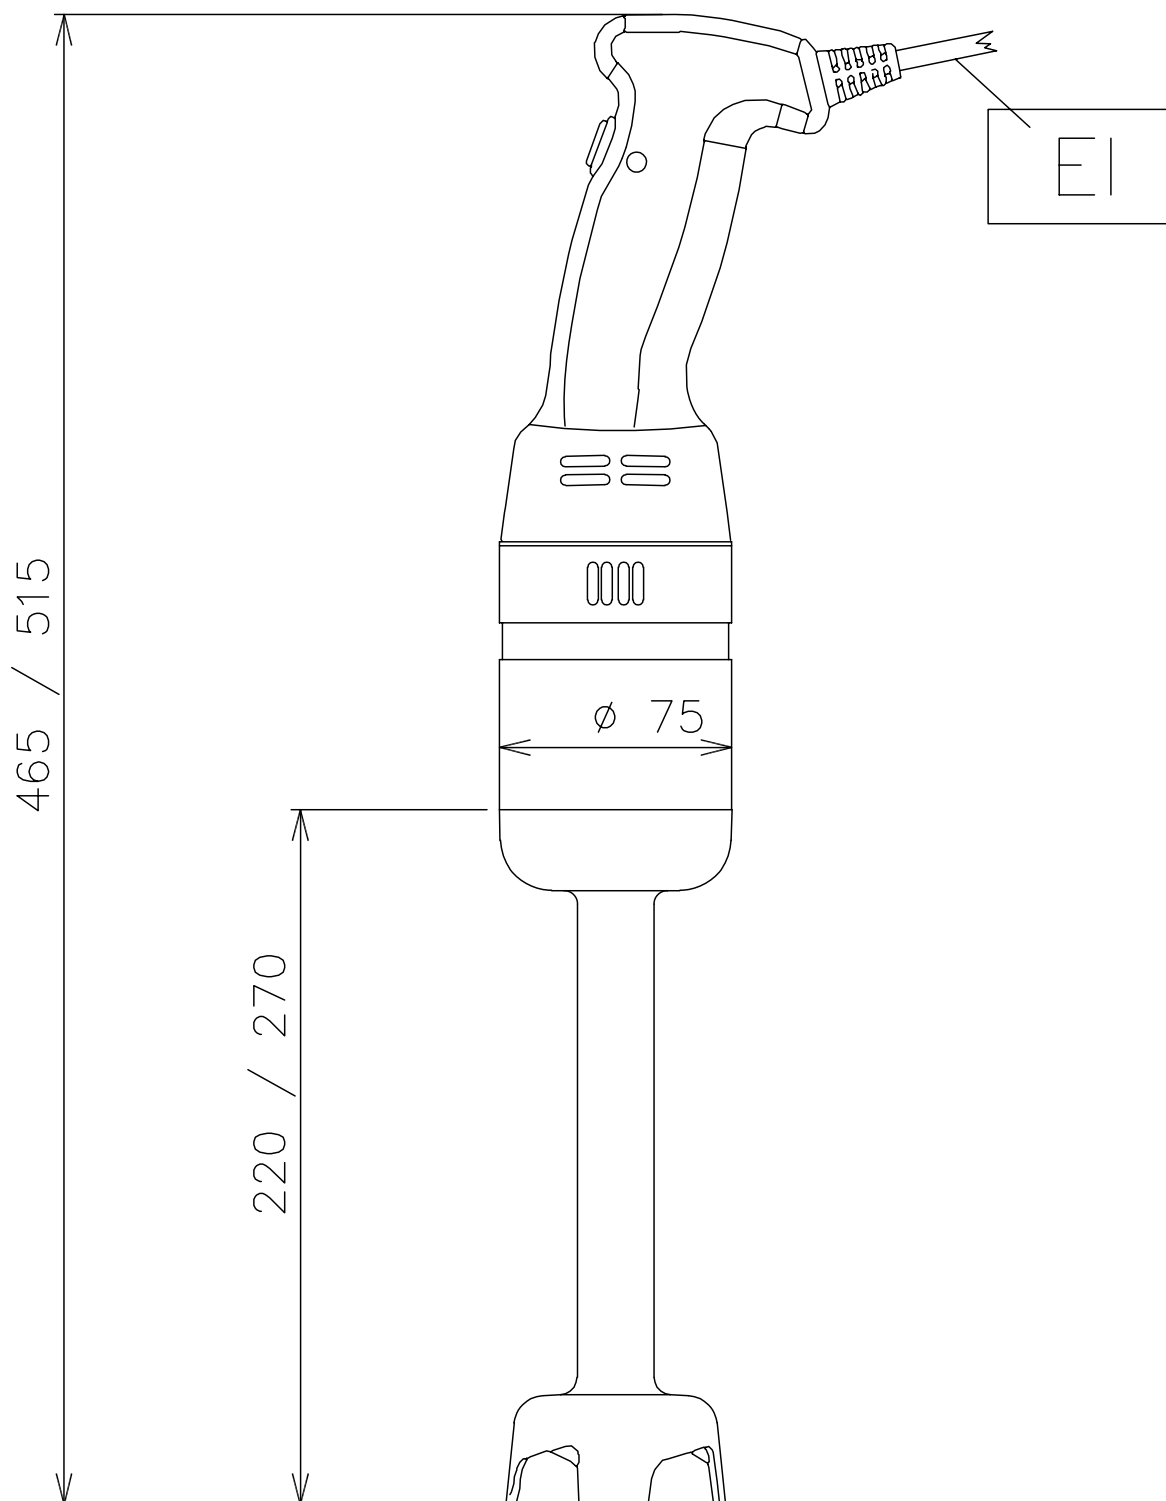

600024

FEATURES

• Fixed speed of 15000 RPM , or variable speed, make preparation tasks fast and easy.
• Removable rotor and mechanism enable a complete cleaning of each part.
• Easy to dismantle, the motor unit and the tube can be disassembled without the use of tools.
• The knife, the bell and the tube are in stainless steel to facilitate and reduce risks when cleaning.

• Very easy to use, the convenient and ergonomic grip reduces fatigue while working.
• Designed to be used directly in stew pots even during cooking.
• Its light weight ensures an optimum comfort for the user.
• Special design of the blade protection lip allows for a more efficient use by reducing work times
• The motor is protected from overload by a double insulation
• IPX3 protection

• Cord and plug supplied as standard
• The motor is ventilated and has a thermal protection which defends the device from overheating (in case of long intensive work).
